<b>Clinics (includes elective hand/wrist/shoulder/elbow and fracture)</b>	4
<b>Audit/Research</b>	2
<b>Postgraduate Activity – Hand, shoulder and elbow teaching; lecture/cadaveric</b>	2

#### FELLOWSHIP DESCRIPTION

- Wrightington is a center of excellence with an international reputation.
- The fellowship consists of 3-6 month attachments of hand & wrist/shoulders/elbows (subject to change)
- Largely elective practice at the Wrightington site (occasional trauma); there are also opportunities to work on trauma cases at the Wigan site
- Excellent training opportunities by your clinical supervisors in clinic and theatres

---

## ORTHOPAEDIC NETWORK - FELLOWSHIPS

- Additional weekly / fortnightly teaching usually organised by a fellow with consultant supervision - these can consist of lectures and journal clubs.
- Cadaveric sessions available
- Ample opportunity for publications, as well as participating in audit and research.
